

BLS Training Program

12 September 2024

IIERD, Jaipur organised a Basic Life Support Training program in collaboration with Mahatma Gandhi University of Medical Sciences and Technology for students on Thursday, 12th September 2024.

The training was imparted by certified BLS trainers of the above university and covered areas like hands on CPR, i.e. Cardio Pulmonary Training, under the guidance of Dr. Rajpreet Soni. The training lasted for two and a half hours and all the students performed individualized demonstration of CPR on dummies during the session.

The training was thorough and the students understood each and every step of the procedure and found the training a great addition to their basic first aid knowledge. All attendees of the BLS training program were awarded a participation certificate for the same.
