Dear parent Namaskar

After a relaxed summer break, I am sure, children are now ready to get back to studies.

Let me thank all of you for your support and cooperation especially in the past few months. Technology in teaching and learning was new to most of us, but, efforts at both ends yielded positive results. We were so eagerly looking forward to having our students back in school, but, the current situation does not permit to do so.

Safety of students and staff cannot be compromised .The only option left is to continue with online classes. To make the classes more child friendly we have cut down on class time and Incorporated breaks after each class.

Please be informed that classes will begin from 1st July, 2020 i.e; Wednesday, as informed before closing down for summer breaks.

The time table will be shared with you today by afternoon. I humbly request all that let us not resist the change but adapt ourselves to face the challenge I strongly believe that tough times don't last but tough people do.

Take care and stay healthy

Dear Parent,

We thank all the parents who have already deposited the school fee and have stood by the school during these difficult times.

Further, we wish to share with you that though during the lockdown period the buses were not plying yet the fixed expenses like maintenance and salaries of drivers, conductors & support staff are being borne by the school. These are expenses which we have to incur even during vacation and lockdowns.

We understand that these are challenging times for all so the school management has decided not to charge the Conveyance Fee for the month of April & May, 2020 (it will be refunded if already paid). Your constant support is very motivating for us.

Together we will tide over this adversity.

Dear Parent

Hope you are all keeping well. With your support we have been able to cover the syllabus upto May very effectively. The reciprocation by the children has been heartwarming.

As COVID-19 is a very uncertain period and the studies should progress steadily,so ,our next step will be assessment which begins from 18th May for class 10 and from 25th May 2020 for the other classes.

It is going to be a very simple exercise and whatever has been taught so far will be split into Test-1, Test-2 and Test-3.

For classes 1 to 5 the assessment will be purely objective. The datesheet and the split syllabus follow.

Let us together take on new challenges and explore possibilities of educating and getting educated together.

Dear Parent

Hope you along with children are doing well. So far, we had been sending you online study material by way of videos, PPTs, audios and PDF files of chapters.

We took the next step forward where we interacted with our dear students through Cisco WebEx. We felt that students and teachers were facing a lot of problem regarding net and audio connectivity. We have tried another platform called Google Meet which is working well.I request you to kindly uninstall webex and install GOOGLE MEET on your device(phone,laptop or desktop) from Google Play Store. From tomorrow classes will be held on Google Meet.

It was noticed that there was a lot of disturbance as some of the students were not sitting in a quiet place and kept unmuting their device.

I request you to kindly follow the guidelines given below for these classes:

- kindly ensure that your ward gets up in time, has his/ her breakfast after a bath and is mentally and physically ready for the class.
- Please choose a quiet spot in the house where net connectivity is good.
- For uninterrupted streaming kindly have sufficient mobile data/good strength wifi .
- A link/password & ID for joining the class will be sent to the children by tomorrow morning.
- pl follow the time table that you receive today and ignore the previous one. It should reach you by today evening.

▪ kindly make sure that the child enters the class five minutes before the starting time as given in the time table.

▪ The child should put the microphone on mute to avoid any disturbance in class, the microphone should be unmuted only when the child has to speak.

For classes 3 to 7 we request one of the parents or someone senior to sit with their ward for a few days till everything is settled .

I understand this is all very new for most of us but I am very sure that everything will get streamlined very soon. However, we will keep sending you the study material as we did earlier so that children can go over it as and when required.

If you have any problem with receiving the study material or otherwise please contact the class teacher between 3 to 5 p.m.

Looking forward to very engaging interactive classes with good connectivity from tomorrow.

Dear Parent

As we know that many of you are stuck at places away from your home and so a regular steady network may not be available to you so the school has made special arrangements to send detailed video lessons for each chapter for all subjects along with worksheets and assignments for classes 1-7. Each day the student receives only one lesson in one subject. You are requested to ensure that your ward completes watching the video lesson and also the worksheets and the assignments on the same day so that he does not lag behind. We look forward to a positive support to make learning more effective.

Dear Parent

As per the latest update, the lockdown has been extended upto 3rd May. The zoom online classes and the video lessons will continue as per the schedule shared. Please ensure that the students attend the zoom classes and watch video lessons regularly and do the work given as assignments neatly in pages or old notebook from time to time and keep them safe so that they do not need to redo it once the school reopens. These assignments should be submitted to the teachers for scrutiny when the school reopens. The students should learn and revise the portions taught to them on regular basis to avoid piling up of work later. The school has also sent some links for aerobics and yoga for classes 5 upwards to help the students keep fit and healthy. Looking forward to your support to make the best of the situation.
