COLLAGE MAKING ON HUMAN COMMONALITY

All students of Class IV (CBSE and CPP) participated in Collage Making Activity held in IIS Computer lab from 12th April to 16th April 2018. They developed beautiful collages on topics like Progress and Humanity, Religion and Humanity, Values and Humanity and Diversity and Humanity. They searched slogans on the above topics and demonstrated them by effective merging of related pictures through collage maker software. They actively participated in this activity which broadened their horizons and developed graphics editing, googling and software skills. They enjoyed the activity and wish to have such interesting activities frequently.
