

Kite Flying Activity

A kite flying activity was organized on 13 January, 2023 in IIERD college campus, Jaipur for B.Ed., M.Ed. and IGNOU students with kites and charkha. Our objective to conduct this activity was to encourage them to participate in different curricular activities. This also helped students to showcase their talent in Kite Flying. All students willingly participated in this activity.

Later, they were served with “Gajar halwa, Pakodas and Tea”. This activity encouraged the spirit of teamwork amongst students.
