

**29<sup>th</sup> March, 2020**

Dear Parent,

**IIS is grateful to you for creating a concerned environment and for taking good care of yourself. This is in lieu of the Face to Face Annual Orientation Session wherein we interact (*the parents, the students and the IIS faculty*) to decide the best course of action for your ward.**

Congratulations your ward has completed the high school education. They are at a very important stage of life when we decide the best plan for them.

In IBDP curriculum which is a two year program, subject choices by a child should be decided on the basis of their Interests, Aptitude and future Career choices for which they need to check:

- Their Scores or performance in different subjects in previous classes
- The eligibility criteria or subject combinations required for the courses they wish to pursue in the desired universities in future
- Indulge in Self Awareness
- Take parents view
- Take mentors view

**Remember:**

All Subjects are equally important and besides six subjects chosen by the child he/ she will be studying CORE subjects i.e. TOK, CAS (activity based) and EE (4000 word essay in one of the subject) to get the diploma in IBDP.

Should not give in to peer pressure. There is no short cut to Success....whatever you may take, you need to put your heart and soul into it.

*In case of any concern, you can contact Ms. Mukta Khandelwal (Contact- 9772204357, mail id- [mukta.khandelwal@icfia.org](mailto:mukta.khandelwal@icfia.org))*

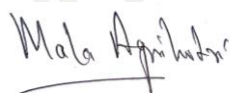

Also please find enclosed the following:

- Option form for admission to class IBDP Junior with instructions for filling the form.
- SAT information.

**KINDLY MAIL THE FILLED OPTION FORM WITHIN THREE DAYS SO WE CAN START WITH VIRTUAL CLASSES.**

Thanking you,

Best wishes,

**Mala Agnihotri**  
**DPC**

Group	Name of HL Subject	Group	Name of SL Subject	
				Date & Signature of Student
				Date & Signature of Parent

Option Allowed/ Not Allowed	Verified by University Counsellor (Date & Signature)	Approved by IBDP Coordinator (Date & Signature)

Dear Parents,

Greetings from IIS!

As the examinations are now over, we wish your ward success and progression to the next standard. We are living in an exciting time when a wide array of career opportunities are unfolding before us, opportunities that were unknown a decade ago. In this ever changing and technology-driven era, we need to plan for a career well in advance to avoid any disappointment later in life. Career planning starts with self-assessment and consideration of various aspects like aptitude, interests and prospects of the decided career. Since your ward has already selected subjects in class 11<sup>th</sup>, or going to select now, keeping in mind a future career, now is an apt time to take the various steps to plan the college admission process for a seamless transition into college after class 12<sup>th</sup>. You are already aware of different admission tests like IIT-JEE, CLAT for admission to India's top IITs and Law colleges. Similarly, there are other tests to gain admission to Indian and foreign universities.

One such test is the SAT, the world's most popular and prestigious test for admission to colleges and universities in the USA and other top universities worldwide. Since 2018, several Indian universities have started accepting SAT scores for admission to their bachelor's programs. The list is increasing every year and this year onwards about 30 universities will accept SAT scores for admission to their B.Com, BBA, BA and other undergraduate programs. The list includes India's top colleges such as Narsee Monji, Ashoka University, Flame University, and Azim Premji, to name few. Since 2019, IIS has become a centre for conducting SAT exams. Concurrently, we have started running on-campus preparatory classes for the SAT to provide quality coaching in the safe environment of the school. We have tied-up with **Mentors and Coaches**, a professional organization to guide our students with right career choices and coaching for the SAT examination. They have more than 10 years of experience in a similar field and have placed students in the world's prestigious universities.

Why SAT:

1. One examination for applying to Universities in India and abroad.
2. SAT Can be taken multiple times in a year (Whenever the student is prepared, she can take the exam)
3. Student can get upto 20%-100% scholarship in Universities in the USA.
4. Students can get upto 90% discount on examination fees depending on the annual income of the family\*
5. Students with a score of 1350/1600 can get India Scholar Badge and can earn scholarships upto 100% in Indian universities\*.
6. Develop skills in problem-solving and critical thinking to prepare for today's knowledge economy. Preparing world-class skills in Reading, writing and mathematics.
7. The SAT can be taken by students who are in class 11<sup>th</sup> or 12<sup>th</sup>, so there is no pressure to take the test only after board examinations.

Why enrol for on-campus SAT classes:

1. Attend classes in the safe environment of the school campus.
2. The school will ensure that the class schedule does not clash with school time-table and examination schedule.
3. Reduced coaching fees for IIS students to save on money.
4. Students will be assisted in getting an examination fee discount voucher.

5. Regular tracking of performance and align well with target scores.
6. All students will be guided properly in the application process to overseas and Indian universities.
7. Students will be mentored and coached for applications and scholarships from top universities of the world. Special workshops for students aspiring to study in USA, UK, Australia, Canada and other top destinations.

If you are interested in enrolling your ward for On-campus SAT classes, kindly grant your written consent through mailer.

The pricing structure for coaching is as given below:

SAT Coaching classes- INR 24000+ GST- The cost includes the cost of books and materials.

The classes will be held on campus every Saturday and Sunday till the end of January 2021. The details of classes and exact timings will be shared in due course.

We invite cooperation from you to improve career guidance services at IIS so we can help our students in realising their potential and going to the world's top universities and make us proud.

Looking forward to hearing from you.

With warm regards
