

4th August, 2026

Dear Parents,

Greetings from IIS!

The safety, security and well-being of our students is our foremost responsibility.

While we have all measures to ensure the same in the school campus, we are concerned that commuting in overcrowded vans and autos is uncomfortable and compromises student safety.

In view of this, we strongly suggest that students should avail the school bus facility. This also ensures accountability and proper supervision by the school.

Assurance of Comfort, Care and Safety in School Buses

- **Safety First:** All buses are equipped with CCTV cameras and GPS live tracking for complete monitoring
- **Trained Staff:** Experienced drivers and bus attendants.
- **Comfort & Space:** Spacious, well-maintained buses ensure a comfortable commute.
- **Accountability:** School takes responsibility for your ward's safe transportation
- **Expanding Fleet:** We are also exploring the possibility of introducing small buses to cover more areas.

To make the journey joyful, the **Friday Bus Delight** was introduced last year which has been appreciated by parents and students.

We request your support and cooperation in ensuring your child's safety by choosing the school transport facility.

Regards
IIS, Jpr
