18<sup>th</sup> May 2026

Dear Parents,

Greetings from IIS !

Based on requests received from parents and keeping student safety in mind, the school has been permitting students of grade 11 & 12 who commute to school on their own to carry a mobile phone.

To ensure discipline and avoid misuse, once again sharing the rules for the same:

- 1) On arrival, the mobile phone must be submitted by the students at the reception before moving to their respective classes.
- 2) The phone can be collected by the students only at the dispersal time.
- 3) If any student is found with a mobile phone in their bag/pocket during school hours, the phone will be confiscated immediately.
- 4) Confiscated phones will not be returned on any grounds till the end of the academic session 2026-27. No requests for early return will be entertained.

This policy aims to balance safety with a distraction-free learning environment. We seek your cooperation in explaining these rules to your ward.

**Warm regards,  
Nidhi Mishra  
Principal**
