

CULTIVATING COLLABORATION- BUILDING GLOBAL FRIENDSHIPS

CULTIVATING COLLABORATION- BUILDING GLOBAL FRIENDSHIPS

India International School Mansarovar hosted a group of students from Netherlands for a four day visit wherein a variety of sessions, discussions and activities facilitated exchange of ideas between the students. Informative sessions and exciting activities were undertaken to better understand the SDGs. The Dutch students shared their thoughts on the same with presentations and quizzes. They were also introduced to indigenous sports and tie and dye activity where they created their own scarfs. The group also had a chance to be a part of the school Guru Poornima celebrations and later thoroughly enjoyed themselves when they learnt Indian folk dance steps. This two day cultural exchange program led to new friendships and collaborations.
