

MOTHER'S DAY CELEBRATION

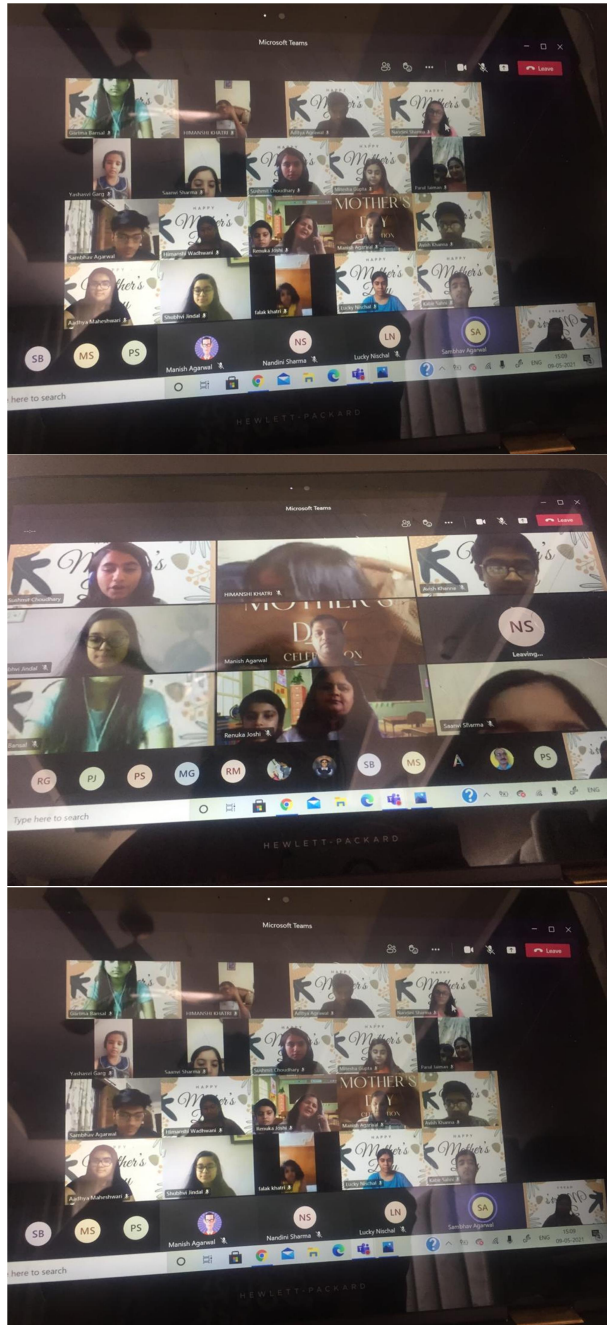

To celebrate and honor motherhood the iisians took an initiative on behalf of all the children to make sure their moms feel special and honored on this day.

Students of IBDP JR collaborated with the kids of CPP 1 to CLSP 8 to make a video in which all the kids made something or gave cards and gifts to their mothers to honor them and to show their love. The students of IBDP year 2 took this celebration to another level by organizing a virtual open mic event for the lovely mothers.

All the students participated with such an enthusiasm and zeal, IB Year 1 received 78 videos just in 4 hours by the young petals and IB year 2 had tons of entries for their open mic.

IIS is nothing without its petals and we're proud to say that our petals never cease to amaze us. It has always been an honor to put the forward and make sure they are ready for the outside world. Our students are responsible and enthusiastic in every way. And this activity was no different every kid whether he/she was from grade 1 or grade 12 has worked so much to make this event a successful.

Every teacher in IIS who's a mom or even our parents were absolutely amazed by the outstanding performances.

We're proud to say that this event was a huge
