

STUDENTS OF IIS WORLD SCHOOL SHOWCASED THEIR INNOVATIVE EDEXCEL

Students of IIS WORLD SCHOOL showcased their innovative EDEXCEL qualification projects, presenting solutions on biomass conversion, anti-scam awareness, and water conservation. Ms. Helen Turner, EDEXCEL representative, interacted with the students and commended their practical ideas and strong research skills. She noted that their work reflects the forward-thinking approach nurtured by the school. The session highlighted the bright minds of the school and their commitment to addressing real-world challenges.
