

LABOUR DAY - 2026

On the occasion of Labour Day, our little learners from Grade 1 and 2 celebrated the day with great enthusiasm and joy. The students dressed up as different community helpers and confidently visited other classes to share about their roles. Students of grade 3 to 5 enjoyed the Labour Day themed, card making activity. These activities instilled in the students, a sense of dignity of labour and gratitude, reminding them to respect and thank those who serve our community every day.
