

INDIA INTERNATIONAL SCHOOL SITAPURA

A Heritage of Vision • A Legacy of Innovation

IISS/ACAD/2026-27/10

Date: 17 July 2026

Subject: Introduction of AI & Robotics Skill Lab for Classes III to IX (Session 2026–27)

Dear Parents,

Warm Greetings!

At India International School, Sitapura, we believe that education must prepare children not only for examinations but also for the opportunities and challenges of the future.

The world is witnessing rapid advancements in Artificial Intelligence (AI), **Robotics, Automation, Data Science and Digital Technologies**. These technologies are transforming every profession and industry, making computational thinking, creativity, problem-solving and innovation essential life skills for every learner.

In keeping with the vision of the **National Education Policy (NEP) 2020** and the **National Curriculum Framework for School Education (NCF-SE 2023)**, which advocate experiential learning, skill-based education, computational thinking and the establishment of Skill and Composite Labs in schools, India International School, Sitapura is pleased **to introduce an AI & Robotics Skill Lab for students of Classes III to IX from the current academic session.**

The enthusiastic response shown by our students during the AI & Robotics demonstration reflected their curiosity and eagerness to learn through this innovative programme. We were equally delighted by the encouraging feedback received from parents during the Parent-Teacher Meeting, where the AI & Robotics demonstration was showcased. The positive response and appreciation received from parents reaffirmed the importance of introducing this future-ready programme for our students.

The AI & Robotics Programme will enable students to:

- * **Develop computational and logical thinking.**
- * **Learn coding and robotics through engaging, hands-on activities.**
- * **Design, build and programme innovative projects.**
- * **Enhance creativity, critical thinking and problem-solving skills.**
- * **Develop collaboration, communication and innovation skills.**
- * **Understand the ethical and responsible use of Artificial Intelligence.**
- * **Build confidence and acquire future-ready competencies aligned with emerging careers.**

INDIA
INTERNATIONAL
SCHOOL
SITAPURA

A Heritage of Vision • A Legacy of Innovation

The programme will be conducted through age-appropriate, activity-based sessions specially designed for students of Classes III to IX, where children will learn by experimenting, creating and applying concepts to real-life situations.

To provide every student with uninterrupted access to quality AI & Robotics education, the school has made significant investments in establishing the AI & Robotics Skill Lab. **Parents are requested to pay an amount of ₹1,800 for the Current academic session, payable in three convenient instalments of ₹600 each. The First instalment is to be paid by 25th July, 2026 through the School app or submitted to the Class Teacher.**

The Curriculum includes:

- * AI & Robotics practical sessions throughout the academic session.
- * Use of robotics kits, sensors, controllers and other laboratory equipment.
- * Consumable materials required for practical activities.
- * Access to coding platforms and digital learning resources.

The prescribed workbook/textbook for the programme will be charged separately.

At India International School, Sitapura, we remain committed to providing our students with learning experiences that are relevant, meaningful and aligned with the demands of the 21st century.

We firmly believe that this programme is an investment in our children's future. It will equip them with the knowledge, skills and confidence required to thrive in an increasingly technology-driven world while fostering creativity, innovation and responsible digital citizenship.

The future belongs to those who can think, create and innovate. Together, let us equip our children with the skills they need not only to use technology but also to shape it.

We look forward to your wholehearted support and partnership in providing this enriching and future-focused learning experience to every child.

For any clarification, please feel free to contact the school office.

With warm regards,

Dr. Anju Jaideep
Principal
India International School, Sitapura
